The support during the flu clinics was appreciated and KW explained that there will possibly be a further clinic which will require group support. **KW to contact the group when the next flu clinic is arranged.** Further support may come after the COVID pandemic eases.

- d. As we cannot have face to face health promotion initiatives the group discussed input into the surgery Facebook pages which has 107 followers. CP suggested Physiotherapy or Occupational Therapy input which was felt was a good idea. **CP to contact physio and OT contacts about this.** BA suggested making links to the MY Mansfield pages which has support ideas on it. **BA to research which sections would be good to make links to.** RC commented on the fact that although the original walking group has ended another group has begun. **RC to contact this group about adding information about the group to the Facebook page**
